

Press Release 2

TF Hotel / Casey's & Mulroy's Londis Mayo Stages Rally 2020

*** Entry Fee Reduction***

The countdown is well and truly on to the Mayo Stages Rally on the 8th March next. With only two weeks to go we are delighted to announce that the entry fees to our event have been revised and reduced,

As a rally organising club, we have always taken safety very seriously and we feel we have a responsibility to all our competitors and club members to ensure we do everything possible to improve safety on our events. The Club Directors and Stages Rally Organising Committee have made the decision to use the Safety Tracking System (STS) on our rally, as we believe it provides the fastest possible response to a competitor who may be in need of urgent or life-saving medical assistance.

We are confident that the STS will be a key tool in the operation and running of our event and will reduce the number of stage interruptions and the possible loss of stages, allowing more competitors to complete on more stages and get better value for money.

On this occasion the Club Directors have decided to part subsidise the STS on our rally as a gesture to our valued competitors who come to Mayo and who have been loyal to us throughout the years.

The Main Field entry fee has been reduced to €770 and the Junior Class Entry Fee is reduced to €500. We sincerely thank all who have entered so far and those who have already paid for their entry will be reimbursed on rally weekend.

We look forward to welcoming you to the TF Hotel on the weekend of 7th & 8th March.

Ends.
